

Compliance with HB 3693

TCAP members will comply with the requirements of HB 3693 (Government Code § 2264.001(b)) by compiling and posting the following information as soon as practicable after January 1, 2017:

1) The total metered amount of electricity, water and natural gas used by the city or governmental entity for its services in 2016. The annual metered amounts can be separately listed for each utility service without violating confidentiality terms.

2) The total amount paid for electricity, water and natural gas in 2016. The total annual cost paid for the three utility services should be posted as one figure.

Municipal Energy Usage for Calendar Year 2016

The City of Victoria purchases natural gas from Centerpoint Energy Entex. In Calendar Year 2016 the City purchased a total of 17,921 cubic feet (CCF) of natural gas.

The City purchases electricity from GEXA Energy¹ and Victoria Electric Cooperative. In calendar year 2016, the City purchased a total of 22,789,730 kilowatt hours.

The City of Victoria is a municipal water supplier and does not purchase water.² In calendar year 2016, all City locations combined used a total of 104,475,000 gallons of water.

The total cost of natural gas, electricity and water purchased by the City in the calendar year 2016 is \$3,092,096.

¹ As a TCAP member, the City's provider in 2016 was GEXA Energy. Some TCAP members may receive electric service on some city accounts from electric cooperatives. If this is the case, indicate all electric providers that provide service for city accounts and the total amount of electricity consumed by the city.

² If the City is a municipal water supplier and does not purchase water, simply note the amount of water consumed and report that as a self supplier, no municipal funds are expended to purchase water for municipal services. The amount reported includes usage at all City-owned facilities as well as City construction projects.
