Lock

Your Car

Leaving your doors and windows unlocked is just what a thief wants and makes it easy to steal your property or your car.

Even if you are leaving your car, or your house, or your bike, or anything else for 'just a minute.....' lock it. A minute is all a thief needs to walk away with your stuff.

Take

Your Keys

Take your keys with you so a potential thief won't be tempted to take your car. And don't be tempted to hide a spare in or around the car. Thieves know all the tricks and hiding places.

Be safe.....take the keys.....
keep the car.

Hide

Your Belongings

The old sayings "Out of sight, Out of Mind" and "Better Safe than Sorry" are still good advice. Leaving valuables in plain sight only tempts a would be thief.

▶ Don't leave items, such as phones, CD's, MP3 players, DVD's, purses and other valuables, in your vehicle.

▶ If you must leave items in your vehicle, like when you're traveling, make sure things are hidden out of sight. And, hide them before you get to your destination. After all, it doesn't do much good to hide them, if the thief watches you while you hide your stuff.

It sounds simple, but you really can fight crime every day just by locking your car, taking your keys, and hiding your belongings. And not only will that make Victoria an even better, safer city, it may save you a lot of time and money.

The best way to fight crime is to prevent it from happening in the first place.

Don't become a victim.

Lock your car.

Take your keys.

Hide your belongings.
