**William Street Closed Between Juan Linn Street
and Constitution Street Beginning August 18**

(VICTORIA, TEXAS) The City will close William Street from Juan Linn Street to Constitution Street beginning Tuesday, August 18, to install underground utilities. The construction on William Street is expected to take approximately two weeks, weather permitting. All businesses and parking lots in the construction zone will remain accessible via different routes.

The City is limiting the length of street the contractor can work at any one time to reduce traffic complications for businesses, residents and motorists. However, drivers may experience major delays during business hours and alternate routes are suggested if possible.

This construction is part of the \$2,913,062 Downtown Water and Sewer Line Replacements (Phase I, Projects 1 & 2). The contractor is Triple B Services, LLP from Huffman, Texas. This phase of the project will take approximately 8 months to complete.

For more information, contact the Public Works Department at 485-3340.
