NEWS RELEASE

FOR IMMEDIATE RELEASE
September 28, 2009

TO RESEND THIS RELEASE:
O.C. Garza: 485-3110

**Main Street Reduced To One-Lane Southbound
One Block at a Time from Commercial Street to Juan Linn
Street Beginning October 1, 2009**

(VICTORIA, TEXAS) The City will reduce Main Street to one lane southbound starting at Commercial Street beginning on Thursday, October 1, 2009 to install underground utilities. The contractor will limit traffic to one lane southbound only within a one block construction zone as work progresses from Commercial Street toward Juan Linn Street.

This utility construction on Main Street is expected to take approximately 4 weeks, weather permitting. On-street parking will not be allowed within the one block construction zones.

Although the City has limited the construction zone to one block, drivers can expect major delays in the work zone and should use alternate routes to get around the work zone if possible.

This construction is part of the \$2,913,062 Downtown Water and Sewer Line Replacement Projects (Phase I, Projects 1 & 2). The contractor is Triple B Services, LLP from Huffman, Texas. This project is scheduled to take approximately eight months to complete.

For more information, contact the Public Works Department at 485-3340.
