

# Don't be a DUMPSTER DUMMY

REDUCING GRIME AND CRIME  
...ONE YARD AT A TIME

CODE ENFORCEMENT  
City of Victoria

## Dumpster

### Do's & Don'ts

Open and overflowing dumpsters attract insects and rodents and contribute to blowing litter.

**Do** keep your dumpster lid and cover closed at all times. It can also help reduce fire hazards.

**DO** maintain a dumpster that is big enough to hold all the garbage from your building and has a leak-proof tight-fitting lid.

**DON'T** allow dumpster trash to overflow or lie around the outside. Contact your waste disposal company for a larger container.

**DON'T** allow your dumpster to leak or become hazardous.

For more information or to report violations call Code Enforcement at (361) 485-3330.
