Mortgage Assistance Program

City of Victoria
Community Development Block
Grant

*Adopted by City Council: September
15, 2009*

I. PROGRAM OVERVIEW

The City of Victoria MORTGAGE ASSISTANCE PROGRAM has been created to assist low-income families in achieving the "American Dream" of owning their own home. The objectives of the Program include:

-  to enhance the opportunity of low income families to own a home of their own;
-  to increase the rate of home ownership among low income families in Victoria;
-  to provide home ownership as a means for low income families to increase their equity and savings;
-  to reduce the pressure on the supply of rental housing in Victoria by converting renters into home owners; and,
-  to promote neighborhood stability by encouraging the purchase of Victoria's existing permanent housing stock.

To meet these objectives the City will utilize Community Development Block Grant (CDBG) funds to provide resources to be awarded to low income families who would otherwise qualify for a home mortgage from a financial institution, but for the lack of funds to cover down payment and closing costs.

The Program reflects the guidelines and administrative requirements of the U.S. Department of Housing and Urban Development (HUD), and is subject to change to conform to CDBG rules and regulations. The City has the right to change, modify or revoke all or any part of the Program guidelines, with approval of City Council.

The City of Victoria is dedicated to promoting and furthering fair housing. The Federal Fair Housing Act prohibits discrimination in all types of housing transactions such as in the sale, rental, and financing of dwellings based on race, color, religion, national origin, disability or familial status. Information on Fair Housing will be provided to individuals applying for housing programs funded through the Department of Housing and Urban Development (HUD). Individuals who have experienced housing discrimination may file a fair housing complaint with HUD or the Texas Commission of Human Rights, Fair Housing Unit.

II. ELIGIBLE RECIPIENTS

Eligible recipients of Program assistance must be first-time home buyers, qualify as low income households (annual household income less than 80 percent of the City's median family income, adjusted for family size) and be qualified for a home mortgage from a financial institution, but for the funds necessary to meet the down payment requirements of the financial institution and/or pay closing costs.

Recipients of assistance must be legal U.S. Residents, or an alien granted the status of an alien lawfully admitted for permanent residence pursuant to Section 249 of the Immigration and Nationality Act.

The term "first-time home buyer" means an individual and/or his or her spouse who have not owned a home during the three-year period prior to the purchase of a home with assistance from this program, except that:

- a) an individual who is a displaced homemaker or single parent may not be excluded from consideration as a first-time homebuyer on the basis that the individual, while married, owned a home with his or her spouse or resided in a home owned by the spouse; and
- b) an individual shall not be excluded from consideration as a first-time home buyer on the basis that the individual owns or owned, as a principal residence during such three-year period, a dwelling unit whose structure is:
 - i) not permanently affixed to a permanent foundation in accordance with local regulations, or
 - ii) not in compliance with local or other applicable codes, and cannot be brought into compliance with such codes for less than the cost of constructing a permanent structure.

Households receiving Program assistance must have an annual family income equal to or less than the income limits (adjusted for family size) set by HUD annually. Family income includes income for all persons over 18. The latest income limits made available to the City are as follows:

**2018 City of Victoria
MEDIAN FAMILY INCOME LIMITS***

Number of Persons in Family	Annual Household Income
1	\$38,850
2	\$44,400
3	\$49,950
4	\$55,450
5	\$59,900
6	\$64,350
7	\$68,800
8	\$73,200

*Figures are subject to change on an annual basis

For qualifying purposes, the applicant's household income must be calculated using HUD's Part 5 Annual Income Calculation. See Attachment C for inclusions and exclusions of determining annual income.

Monthly mortgage payments for households receiving Program assistance shall not exceed thirty-three (33%) percent of the household's monthly gross income, nor forty-five (45%) of the household's total debt to gross income. **Both ratios must be met.** The income ratio will be calculated using the applicants total monthly debt obligation and gross monthly income. Mortgage payments include principal, interest, taxes, mortgage insurance and homeowner's insurance (PITI).

III. ELIGIBILITY CRITERIA

Assistance Provided

Recipients are eligible to receive grants from the City of up to \$2,500 to be used for activities outlined below. The grant does not need to be repaid to the City.

Applicants must demonstrate that they qualify for a home mortgage from a financial institution located within Victoria County on a house to be used as their primary residence. A financial institution, as defined by HUD in 24 CFR 573.2, is a lender, which may be a bank, trust company, savings and loan association, credit union, mortgage company, or other issuer regulated by the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, the Credit Union Administration, or the U.S. Comptroller of the Currency. The applicant must demonstrate that they are **unable to close** without the amount of funds requested. Assistance will only be granted for the purchase of an existing residence, which is located within the City of Victoria. Assistance **will not** be provided for the purchase or placement of a manufactured/mobile home as that term is defined in 24 CFR 201.2 by HUD.

Eligible Use of Funds

Program assistance may be used for the following costs related to securing a home mortgage:

- **down payment** - up to 50% of any down payment required by the financial institution from which a mortgage is sought; and/or
- **financing costs** - such as origination fees, credit reports, title reports, recording fees, loan processing fees, legal fees, appraisals, and other customary closing costs associated with securing a home mortgage from a financial institution.

In the event that all closing costs are paid by the seller and no down payment is needed due to the type of financing, the grant funds shall be returned to the City. Also, any overages that were not needed after payment of eligible activities must be returned in the form of a check to the City of Victoria.

Property Standards

The appraisal must indicate whether or not the property adheres to HUD property standards. If the property does not adhere to HUD property standards, the appraiser shall provide the applicant a list of conditions not in compliance. For any home built prior to 1978, the property appraisal must include HUD Form 92564-VC, Comprehensive Valuation Package, to check for evidence of a lead based paint hazard. Any home built prior to 1978 that is found to have defective paint surfaces, including: peeling, scaling or chipping paint, is **not** eligible for program assistance.

The appraisal must indicate whether or not the property is located within the 100-year floodplain. Any property located in the 100-year floodplain is eligible for program assistance but must provide proof of flood insurance to qualify. If the property has been renter-occupied within the last 90 days, then the property is ineligible for program assistance. However, if the applicant purchasing the home is the current renter this provision does not apply.

IV. RECIPIENT SELECTION CRITERIA
